

MARK COLES

Captain Jack

Mark joined the Kavon crew in October 2005 during the show "Horrorwood". His ability to excite the audience with his acting abilities drew him to the character "Bones". Also hosting kids and teens parties on a Sunday and Mondays, Mark's natural flair for hosting and entertaining saw him taking over the kids parties from Saleigh Hudson in early 2006. Mark demonstrates a quick witted and very humorous performance that is not common amongst his colleagues. Mark has an extensive acting background Outside of the Kavon where he has performed in such shows as "Lord of the Flies," "Wonder," and Directed the CONDA winning production of "Rosencrantz and Guildenstern are Dead." In mid-2007, Mark designed the new character "Captain Jack" which was adapted from the one and only Captain Jack. This has helped him to excel into a kind character, that is always remembered by the audience.
