

PETER QUINN

Doctor Death

Peter Quinn entered the Kavon doors in August 2007, looking for something new in his old life of Sex, Drugs and Rock 'n' Roll. Pete's wacky gestures found him within the character, "Doctor Death," a crazy doctor out for revenge on his victims. Pete's amazing classic rock voice has found him working alongside his co-workers on the stage, performing great hits including "Desperado" and "Summer of '69."
